-BismillahirRahmaanirRaheem

-In The Name of Allah, The Entirely Merciful, The Especially
Merciful

Text/ Matn

1. A few hours ago, I suddenly started experiencing the
"intellectual patterns" issue- the "eye-patterns" issue- but
intellectually instead
2. I got ready for bed, when/ as soon as the "intellectual
patterns" befell upon me, I slept then woke up relieved
from the "intellectual patterns".
3. My mind/ intellect feels like it is back in near- synchrony
with my other faculties/ my being/ my existence- near-

synchronisation of my existential reality(for lack of better terms/ terminologies)

- Wa Allahu A'lam
- And Allah knows best
- Alhamdulillah, wassalaatu wassalaam 'alaa Rasuulillah
